#### Medical Information Form

The Dragon Camps® Manager holds a copy of each child's medical details and emergency contact telephone numbers on the Registration Form.

May we also remind parents to inform the Dragon Camps® Manager in writing of any changes as they occur so that our records remain up to date.

### Prescribed Medication Form

In order to comply with guidelines, the Dragon Camps® Manager is required to have these forms completed when we need to administer medicines to a child. In our view, there are three possible sets of circumstances where this involvement may be necessary:

- i. Where a child, recovering from a short term illness, is well enough to return to the Dragon Camps® but is receiving a course of antibiotics or cough medicine
- ii. Where a child has a chronic illness or ongoing complaint such as diabetes, asthma or epilepsy
- iii. Where a child is in good health but could suffer a major allergic reaction (e.g. peanuts, wasp stings) for which adrenalin or similar medication may have to be given.

In cases (ii) and (iii), such information should be detailed on the form to ensure the Dragon Camps® Manager is in full possession of all facts prior to any action being necessary.

It is understood that although the Dragon Camps® Manager will endeavour to administer the medicine according to the instructions given, no responsibility can be accepted if a dose is late or missed.

Medicine in the smallest practicable amount should, wherever possible, be brought to the Dragon Camps® by the parent and delivered personally to the Manager.
